

Scintilla Charter Academy will expand to add a sixth grade beginning next year and also intends to pursue adding one grade level each year as part of the renewal process which will take place next school year.

SCA leaders attended the State Charter School Commission of Georgia's monthly meeting on Jan 30th, 2019, where an amendment to SCA's current charter allowing the school to expand to add sixth grade in the upcoming school year was unanimously approved.

"We are thrilled to be able to expand to sixth grade for the upcoming 2019-2020 academic year," said Mandy Avera, SCA's Dean of School.

Current SCA fifth grade scholars will automatically receive admission preference for next school year. Other families in our community interested in attending SCA for sixth grade may apply online at www.scintillacharteracademy.com/admissions to be included in the admissions lottery.

The application window has been extended to February 15th at midnight for all grades. The lottery has also been rescheduled for Tuesday, February 19th at 6:00 pm in SCA's dining room. The lottery is open to the public and anyone is welcome to attend; however, attendance is not required for selection.

"A great deal of work has gone into making the pathway to middle school a reality, and we are thrilled to make this option available for the families in our community," said Mandy Avera.

Scintilla Charter Academy is located at 2171 East Park Avenue. Anyone interested in applying for the school can do so in the front office or online at www.scintillacharteracademy.com/admissions. Tours are available by appointment by calling 229-244-5750.
